Orange County AuxComm Net Script

(09:25) – **This is _____The Orange County AuxComm Training Net will begin in 5 minutes. Please make any urgent calls now.**

(09:30) – **Calling the Orange County AuxComm Training Net, Calling the Orange County AuxComm Training Net. This is _____ operating as W4EZ, Net Control,**

This net meets every Saturday at 09:30 on the W4UNC repeater Channel 11 at 442.150 MHz, positive offset, PL 131.8 Hz. All licensed amateurs are welcome to use this open repeater. In case of net control or backup net control communication difficulties with this repeater, this net will move to the backup Durham FM Association Repeater Channel 16 at 145.450 MHz negative offset, PL 82.5 Hz

This directed net provides training for emergencies using AuxComm communication protocol and transmits bulletins of interest to the amateur radio community. When checking in, say your phonetic callsign, <u>slowly please</u>, and do not Clear until permission is granted,

    Is there a backup net control?
The net recognizes _____, as <u>backup net control,</u> *(will check them out last)*
Back up net control should monitor both repeaters if possible.

Stations with Emergency, Priority or Time-value Traffic please call now, _____   *(Handle immediately)*
